The SA Branch of the Australian Health Promotion
Association is delighted in
presenting the

MENTORING PROGRAMME CD

The CD contains:

- The Final Report of a pilot mentoring programme conducted in South Australia
- A Facilitator's Manual to be used as a guide for conducting a mentoring programme
- A copy of PowerPoint slides for use with the guide.

Immediate gains within the workplace setting are reflected as:

- Increased knowledge and skill
- Increased confidence
- Clarification of health promotion principles as they translate into practice
- Greater understanding of how existing practice is reflective of health promotion
- Assistance in career direction
- Increased networking.

The goal of the mentoring programme is to develop and facilitate a mentoring process that assists the professional development of people in the workforce who are interested in enhancing their practice and/or expanding their knowledge in Health Promotion and Primary Health Care
